## Offenders Sentenced for Aiding an Offender, Accomplice After the Fact: 2001-2015

Figure 1 displays the number of offenders who were sentenced between 2001 and 2015, with “Aiding an Offender, Accomplice after the Fact” under Minn. Stat. § [609.495, subd. 3](#), as the most serious offense sentenced.<sup>1</sup> The penalty for this offense is dependent on the crime the offender is alleged to have aided. According to the statute, the accomplice may be sentenced to not more than one-half of the statutory maximum sentence that could be imposed on the principal offender for the crime of violence listed under Minn. Stat. § [609.11, subd. 9](#) (see Table 3 for complete list of possible underlying criminal acts). This is an unranked offense, and the sentencing court must assign a severity level prior to pronouncing the sentence. There were 25 cases sentenced under this statute in 2015. There have been, on average, 23 cases per year since 2001 (Figure 1).

<sup>1</sup> It should be noted that Minnesota Sentencing Guidelines Commission (MSGC) monitoring data are offender-based, meaning cases represent offenders rather than individual charges. Offenders sentenced within the same county in a one-month period are generally counted only once, based on their most serious offense.

Tables 1 and 2 list detailed case-level information for aiding an offender, accomplice after the fact offenders. Table 1, which contains data for cases sentenced in 2015, records the underlying criminal act and its severity level, but only if those facts are apparent on the face of the criminal complaint, plea petition, or other court record. When those facts are not apparent, details of the underlying offense are left blank. In Table 2, which contains data for cases sentenced from 2001 through 2014, details of the underlying offense are not recorded; instead, district court case numbers are provided for those who wish to obtain more information from court records. For both tables, a “0” in the column labeled “Pronounced Confinement” indicates the offender received a stay of imposition.

Notes:

12<sup>1</sup>=12 months and 1 day.

Underlying criminal acts are abbreviated. Refer to Table 3 for full offense names.
